

# JUST ANOTHER LOVE SONG

lyrics: Tomas n'evergreen
music: Tomas n'evergreen

This is just another love song  
Ordinary pop song  
Words can not explain what I feel

This is just another love song  
New forget me not song  
You are all that matters to me

I got something to say  
But I guess I better better wait  
I think this not the right time or place

But I want you to know  
Not right now but before I go  
I pray that it wont be too late

I'm going to tell you when this song is over  
I'm going to tell you when this song is through  
What I'm going to tell you is for you ears only  
Can I have a "4-letter-word" with you

There is no better time than right now  
Stick around and hear me out  
This is not something I can sing in this song

Can I  
Have a minute of your time  
If I promise you it wont take too long

This is just another love song  
New forget me not song  
You are all that matters to me

I got something to say  
But I guess I better better wait  
This is not something I can say in a song
